ATTENTION is directed to the advertisements of schools and colleges which now and will hereafter appear in the GAZETTE. They are all first-class institutions, and their facilities for imparting instruction are improving yearly. Parents and guardians who contemplate placing children or wards in boarding schools will do well to consult the advertisements referred to. These institutions are all of high worth of liberal patronage is attested by the fact that their rolls grow larger year by year. Those located here have especially been well patronized and appreciated. Most of these schools and colleges have for a long time understood the advantages of advertising in the GAZETTE, a paper circulating extensively among a class which invariably relies upon its columns to keep them posted not only in what are the best places of acquiring an education, but in everything else.

The Brown Hartman assault case was expected to come up for trial before the Mayor to-day, but both men having left the city till the clouds roll by there was nothing to try. The keeper of the saloon in which the money which caused the row is said to have been lost, was fined \$10 and costs for permitting gambling on his premises.

A Woman's Discovery.
 "Another wonderful discovery has been made and that, too, by a lady in this country. Disease fastened its clutches upon her, and for seven years she withstood its severest tests; but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose that she slept all night, and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C.
